"There's potential, I see the department employing the Litter Robots, the trash in the city is overwhelming."

-NYC, 56 year old Sanitation Worker

criticism

EPIC STATEMENTS

“With Litter Bots, we'll clean streets of waste, building a cleaner environment for local residents.”

“As a resident of Brooklyn, I'd like to have cleaner streets with less litter to revitalize neighborhoods and live a higher quality life.”

“As a local garbageman, I can't keep up with the growing waste of the city, so Litter Bots provide the needed extra help.”
